Gentlemen:

I understand that a Mr. Norman Redlich is serving as an assistant to the Commission's chief counsel. Would you please tell me if it's true that Mr. Redlich belonged to the Emergency Civil Liberties Committee and that he signed a petition requesting President Kennedy to extend clemency to Paul Braden and Frank Wilkinson, and that he also signed a petition calling for the abolishment of the House Committee on Un-American Activities?

If the above is true, I am shocked and would like to know your justification for hiring him.

Most sincerely,

Reed A. Benson
